ABOUT US.

At Yash Engineers Electromech Private Limited (YEEMPL), we are committed to excellence in MEP (Mechanical, Electrical, and Piping) solutions, offering cutting-edge services that drive efficiency and innovation. With years of expertise, we have built a strong reputation as a trusted provider of comprehensive MEP solutions tailored to diverse industries. Our team of skilled professionals ensures seamless project execution, combining advanced technology with industry best practices to deliver high-quality results.

OUR STORY:

Founded with a vision to redefine standards in the MEP industry, YEEMPL began its journey with a commitment to excellence, integrity, and customer satisfaction. We have been growing steadily, expanding our capabilities, enhancing our expertise, & earning the trust of clients through our relentless pursuit of quality and innovation.

At Yash Engineers Electromech Private Limited (YEEMPL), we envision a future where MEP solutions are the cornerstone of sustainable infrastructure development. We aspire to be at the forefront of innovation, revolutionizing the way mechanical, electrical, and piping systems integrate seamlessly to enhance the functionality, efficiency, and longevity of every project we undertake. Through our commitment to excellence, integrity, and sustainability, we aim to set new standards of excellence in the industry and become the trusted partner of choice for clients seeking cutting-edge MEP solutions.

MISSION

Our mission at YEEMPL is to deliver unparalleled MEP solutions that exceed our clients' expectations while prioritizing safety, efficiency, and sustainability. We are dedicated to leveraging our expertise, experience, and creativity to design, install, and maintain innovative MEP systems that optimize performance, minimize environmental impact, and maximize return on investment for our clients. With a focus on collaboration, integrity, and continuous improvement, we are committed to providing exceptional service and building long-term relationships based on trust, reliability, and mutual success.

VISION

At YEEMPL, we envision a future where MEP solutions are the cornerstone of sustainable infrastructure development. We aspire to be at the forefront of innovation, revolutionizing the way mechanical, electrical, and piping systems integrate seamlessly to enhance the functionality, efficiency, and longevity of every project we undertake. Through our commitment to excellence, integrity, and sustainability, we aim to set new standards of excellence in the industry and become the trusted partner of choice for clients seeking cutting-edge MEP solutions.

HEALTH, SAFETY ENVIRONMENT POLICY

- Safety takes precedence at YEEMPL, driving our commitment to achieve zero injuries and accidents across all our projects. We uphold stringent safety protocols, promptly address unsafe practices, and encourage safe conduct, resulting in a significant decrease in high-risk incidents.
- YEEMPL acknowledges that prioritizing safety stands as the cornerstone of our operations. We are committed to upholding the utmost standards in safe working conditions and methods, a responsibility we owe to both our valued customers and dedicated employees.
- The Safety Committee at YEEMPL comprises senior management representatives from all divisions, collaborating closely with our Safety Officer and consultants. Together, they diligently review and enhance existing policies and procedures, ensuring the attainment of the highest standards in safety performance.

QUALITY RELIABILITY

YEEMPL upholds a standard of excellence in quality across all endeavors. We pledge to consistently deliver efficient Project and Maintenance Services of the highest quality to every client, without exception. Our rigorous Quality Assurance Practices guarantee clients unwavering consistency and excellence in both service and delivery. Our Quality Assurance System (QAS) meticulously documents project specifications, captures installation requirements, establishes standardized procedures, ensures uniform quality outputs, and maintains comprehensive traceability to all installations conducted by Yash Engineers personnel.

ELECTRICAL SERVICES

01. ELECTRICAL TURNKEY PROJECT

- YEEMPL stands firmly committed for outstanding quality and timely work in Turnkey Electrical & Instrumentation contracting services involving Supply, Installation, Testing and Commissioning.
- Safety without compromise and as the top priority is our motto across the company and YEEMPL follows this very seriously.
- **YEEMPL specializes in providing comprehensive HT & LT Electrical Contracting services on a turnkey basis.**
- SITC of Electrical Substations, Supply and installation of Diesel Generating Stations, HT/LT Work, including Cabling, Earthing, L.A., and Street Lighting, Low Voltage and Low Current Installations.

02. SUBSTATION

- At Yash Engineers, our highly experienced team members are dedicated to the creation of innovative solutions based on your specific requirements and are prepared to design, construct, and troubleshoot even the most complex installations.

- ✓ Installation of Power Transformer
- ✓ HT& LT Main Switchgear Installations
- ✓ Bus Duct & Riser Feeders
- ✓ Power for Commercial and Industrial Projects
- ✓ Computer Room Installations

03. INDUSTRIAL LIGHTING WORK

- ✓ Industrial and Warehouse Interior Lighting Solutions
- ✓ Hi-Bay LED Warehouse Lighting. (New & Retrofit Solution)
- ✓ High Intensity Discharge Lighting. (H.I.D.) New & Retrofit Solutions

04. BUILDING — MANAGEMENT SYSTEM

- We undertake complete electrical installations for high-rise commercial buildings, hotels, industrial complexes, warehouses, airports, etc. The electrical installations usually include Erection and Commissioning of Electrical
- Substations, Supply, and installation of Diesel Generating Stations, HT/LT Work, involving Cabling, Earthing, L.A., and Street Lighting, Low Voltage and Low Current Installations, such as Fire Alarm & Emergency Lighting Systems, Security System, Access Controls System, Public Address System, CCTV.

05. INSTRUMENTATION — WORK

- ✓ DCS / PLC / RTU / SCADA Systems
- ✓ Solar based RTU Panels
- ✓ DCS Migration
- ✓ Console Solution
- ✓ Industrial control panel design
- ✓ Instrumentation and Control Systems design
- ✓ Field Instrumentation
- ✓ Hot / Cold Cutover

06. HEATING VENTILATION AIR CONDITIONING SYSTEM (HVAC)

- The main purpose of HVAC system is to help maintain good indoor air quality through adequate ventilation with filtration and to provide thermal comfort
- HVAC systems are among the largest energy consumers in any premise. We strive to install quality systems that are cost-competitive & successfully provide appropriate quality air, lower energy costs, & easier maintenance.

07. FIRE PROTECTION SYSTEM

- Our purpose behind fire protection practice is based on three vital goals the continuity of operations, property protection, and life safety. Our Fire protection and Engineers team believes in their fire protection systems to prevent the interruption of critical services necessary for the public welfare and to prevent area-wide conflagrations, all with life safety as the ultimate goals.

08. DATA CABLING INSTALLATION

- Our team of experts at YEEMPL brings extensive experience to every data cabling project, ensuring top-quality solutions for various industries and needs. We specialize in providing seamless installations for offices, data centers, delivering efficient and high-performance connectivity.
- Whether you need structured cabling, fiber optics, or network upgrades, we tailor our services to guarantee optimal speed, reliability, and future-ready infrastructure. Trust us to enhance your connectivity with precision and expertise.

MECHANICAL SERVICES

- Our mechanical services encompass a wide range of solutions to ensure optimal performance and comfort in your building or facility. From HVAC (Heating, Ventilation, and Air Conditioning) system design and installation to plumbing, fire protection, and refrigeration, we have the expertise and experience to deliver reliable and energy-efficient solutions.

PIPING SERVICES

- Our piping services cover a wide range of applications, including plumbing, gas, steam, & process piping systems. From design & fabrication to
- installation and maintenance, we specialize in delivering high-quality piping solutions that meet the unique needs of your project. Whether it is a commercial building, industrial facility, or municipal infrastructure, you can count on YEEMPL to provide efficient, durable, and code-compliant piping systems.

GREEN ENERGY SOLUTION

- ✓ IDT Erection upto 12.5 MVA
- ✓ HT panel Erection
- ✓ LT Panels Erection
- ✓ NIFS Panel Erection
- ✓ SCADA Work
- ✓ HT Cable laying
- ✓ End Termination & State through joint kit
- ✓ Cable tray support and cable tray erection
- ✓ Earthing
- ✓ Glanding and lugging
- ✓ ICR illumination

WHY CHOOSE US?

Expertise & Experience

With years of experience in engineering solutions, we deliver high-quality and precision-engineered products.

Custom Solutions

We understand your unique requirements and provide tailored engineering solutions to meet industry standards.

Customer Satisfaction

Our customer-centric approach ensures seamless service, support, and satisfaction at every step.

OUR CLIENTS!

THANK YOU

At YashEngineersElectromechPrivateLimited, We Are Passionate

About Delivering Engineering Excellence. Your Support and Trust Inspire Us to Push Boundaries and Innovate. Our Journey is Defined by Precision, Dedication, and the Pursuit of Perfection.
